**CAUTION NOTICE**

Solicitation SP0500-04-R-0052 seeks to place Stein Seal items under a long-term Stock contract. The solicitation's core list contains 12 NSNs with an Annual Estimated Dollar Value of \$292,918.50, and is representative of a universe of 81 NSNs. All items are to be priced individually and will be awarded based on Best Value government source selection procedures. Offerors are required to submit proposals to The Defense Supply Center Philadelphia who reserves the right to award solicitation SP0500-04-R-0052 to one or multiple contractors. The minimum quantity ordered will be 25% of the annual estimated quantity (AEQ) except for those items whose AEQ is very low (less than 100); they will have a 50% minimum quantity.

After award, the Defense Supply Center Philadelphia anticipates expanding and managing each award via the ADDITION AND DELETION OF ITEMS – MARCH 2003 (See Page 12). Additional NSNs will be added to an existing basic contract based on the same terms used in the solicitation. A list of potential NSNs to be added can be found at <http://www.dscp.dla.mil/gi/general/scp.htm>. However, if an awardee is **unable to supply the additional item(s)** to the Government, then the item description(s) will be provided to all other awardees for their review and timely submission of price and delivery information. Additional item(s) will then be awarded on a post award basis via Supplemental Agreement to the Contractor(s) whose price and delivery is most advantageous to the Government on an **item by item basis**. (Note: The Government reserves the right to add items not found in this listing, but which fall within the scope of the contract.).

Each contract awarded will be for a 2 year base period and three 1 year options. The annual estimated quantity provided is DSCP's best "good faith" estimate of each item's annual requirements. In determining price, potential contractors should take into account any business risk associated with these estimates.

The contract will provide the contractor with a **90** day delivery for stock. A real-time delivery schedule will insure the contractor's ability to meet the required delivery dates for the subject NSNs.

The contracts that result from this solicitation will be Indefinite Quantity Contracts (IQC) and will provide the contracts with a 10% guaranteed minimum of the annual estimated value.

In regard to inspection, the following lines will be inspected at destination: Lines 0001 – 0005 and Lines 0007 – 0012. Line 0006 will be source inspected.

**Each offeror's pricing proposal will be evaluated for price realism and reasonableness. The Government may request offerors to provide pricing information, such as copies of commercial catalogs or substantiation of established market prices, only to the extent necessary to determine price reasonableness.**

Note: Although an offeror must comply with the minimum requirements of the solicitation in order for its offer to be acceptable, an offeror may offer the Government terms and/or conditions that exceed those cited in this solicitation. Under "Best Value" source selection procedures, the Government will take into consideration such terms and conditions when selecting a contractor, and will then perform a technical and price tradeoff evaluation to determine which offer represents the "best value" to the Government. For this solicitation, past performance and quality are considered equal to price.

An offeror's acceptance of the option provision is mandatory (see Page 18 of the solicitation). Failure to accept the provision will result in an offer being eliminated from further consideration.

**FAR 52.212-4 CONTRACT TERMS AND CONDITIONS – COMMERCIAL ITEMS  
(OCT 2003)****(a) *Inspection/Acceptance.***

The Contractor shall only tender for acceptance those items that conform to the requirements of this contract. The Government reserves the right to inspect or test any supplies or services that have been tendered for acceptance. The Government may require repair or replacement of nonconforming supplies or reperformance of nonconforming services at no increase in contract price. The Government must exercise its post-acceptance rights (1) within a reasonable time after the defect was discovered or should have been discovered; and (2) before any substantial change occurs in the condition of the item, unless the change is due to the defect in the item.

**(b) *Assignment.***

The Contractor or its assignee may assign its rights to receive payment due as a result of performance of this contract to a bank, trust company, or other financing institution, including any Federal lending agency in accordance with the Assignment of Claims Act (31 U.S.C. 3727). **(c) *Changes.***

Changes in the terms and conditions of this contract may be made only by written agreement of the parties.

**(d) *Disputes.***

The Contractor shall proceed diligently with performance of this contract, pending final resolution of any dispute arising under the contract.

**(e) *Definitions.***

The clause at FAR 52.202-1, Definitions, is incorporated herein by reference.

**(f) *Excusable Delays.***

The Contractor shall be liable for default unless nonperformance is caused by an occurrence beyond the reasonable control of the Contractor and without its fault or negligence such as, acts of God or the public enemy, acts of the Government in either its sovereign or contractual capacity, fires, floods, epidemics, quarantine restrictions, strikes, unusually severe weather, and delays of common carriers. The Contractor shall notify the Contracting Officer in writing as soon as it is reasonably possible after the commencement of any excusable delay, setting forth the full particulars in connection therewith, shall remedy such occurrence with all reasonable dispatch, and shall promptly give written notice to the Contracting Officer of the cessation of such occurrence.

(B) If EFT banking information is not required to be on the invoice, in order for the invoice to be a proper invoice, the Contractor shall have submitted correct EFT banking information in accordance with the applicable solicitation provision, contract clause (e.g., 52.232-33, Payment by Electronic Funds Transfer-Central Contractor Registration; or 52.232-34, Payment by Electronic Funds Transfer-Other Than Central Contractor Registration), or applicable agency procedures.

(C) EFT banking information is not required if the Government waived the requirement to pay by EFT.

(h) *Patent Indemnity.*

The Contractor shall indemnify the Government and its officers, employees and agents against liability, including costs, for actual or alleged direct or contributory infringement of, or inducement to infringe, any United States or foreign patent, trademark or copyright, arising out of the performance of this contract, provided the Contractor is reasonably notified of such claims and proceedings.

(4) *Discount.* In connection with any discount offered for early payment, time shall be computed from the date of the invoice. (5) *Overpayments.* If the Contractor becomes aware of a duplicate contract financing or invoice payment or that the Government has otherwise overpaid on a contract financing or invoice payment, the Contractor shall immediately notify the Contracting Officer and request instructions for disposition of the overpayment.

(j) *Risk of Loss.*

Unless the contract specifically provides otherwise, risk of loss or damage to the supplies provided under this contract shall remain with the Contractor until, and shall pass to the Government upon:

(1) Delivery of the supplies to a carrier, if transportation is f.o.b. origin, or

(2) Delivery of the supplies to the Government at the destination specified in the contract, if transportation is f.o.b. destination.

(k) *Taxes.*

The contract price includes all applicable Federal, State, and local taxes and duties.

(l) *Termination for the Government's Convenience.*

The Government reserves the right to terminate this contract, or any part hereof, for its sole convenience. In the event of such termination, the Contractor shall immediately stop all work hereunder and shall immediately cause any and all of its suppliers and subcontractors to cease work. Subject to the terms of this contract, the Contractor shall be paid a percentage of the contract price reflecting the percentage of the work performed prior to the notice of termination,

The Contractor shall not be paid for any work performed or costs incurred which reasonably could have been avoided.

(m) *Termination for Cause.*

The Government may terminate this contract, or any part hereof, for cause in the event of any default by the Contractor, or if the Contractor fails to comply with any contract terms and conditions, or fails to provide the Government, upon request, with adequate assurances of future performance. In the event of termination for cause, the Government shall not be liable to the Contractor for any amount for supplies or services not accepted, and the Contractor shall be liable to the Government for any and all rights and remedies provided by law. If it is determined that the Government improperly terminated this contract for default, such termination shall be deemed a termination for convenience.

(n) *Title.*

Unless specified elsewhere in this contract, title to items furnished under this contract shall pass to the Government upon acceptance, regardless of when or where the Government takes physical possession.

(o) *Warranty.*

The Contractor warrants and implies that the items delivered hereunder are merchantable and fit for use for the particular purpose described in this contract.

(p) *Limitation of Liability.*

Except as otherwise provided by an express warranty, the Contractor will not be liable to the Government for consequential damages resulting from any defect or deficiencies in accepted items.

(q) *Other Compliances.*

The Contractor shall comply with all applicable Federal, State and local laws, executive orders, rules and regulations applicable to its performance under this contract.

(r) *Compliance with Laws Unique to Government Contracts.*

The Contractor agrees to comply with 31 U.S.C. 1352 relating to limitations on the use of appropriated funds to influence certain Federal contracts; 18 U.S.C. 431 relating to officials not to benefit; 40 U.S.C. 327, et seq., Contract Work Hours and Safety Standards Act; 41 U.S.C. 51-58, Anti-Kickback Act of 1986; 41 U.S.C. 265 and 10 U.S.C. 2409 relating to whistleblower protections; 49 U.S.C. 40118, Fly American; and 41 U.S.C. 423 relating to procurement integrity.

(s) *Order of Precedence.*

Any inconsistencies in this solicitation or contract shall be resolved by giving precedence in the following order: (1) the schedule of supplies/services; (2) the Assignments, Disputes, Payments, Invoice, Other Compliances, and Compliance with Laws Unique to Government Contracts paragraphs of this clause; (3) the clause at 52.212-5; (4) addenda to this solicitation or contract, including any license agreements for computer software; (5) solicitation provisions if this is a solicitation; (6) other paragraphs of this clause; (7) the Standard Form 1449; (8) other documents, exhibits, and attachments; and (9) the specification.

(t) *Central Contractor Registration (CCR).*

(1) Unless exempted by an addendum to this contract, the Contractor is responsible during performance and through final payment of any contract for the accuracy and completeness of the data within the CCR database, and for any liability resulting from the Government's reliance on inaccurate or incomplete data. To remain registered in the CCR database after the initial registration, the Contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the CCR database to ensure it is current, accurate and complete. Updating information in the CCR does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.

(2)(i) If a Contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of-name agreements in FAR Subpart

(ii) If the Contractor fails to comply with the requirements of paragraph (t)(2)(i) of this clause, or fails to perform the agreement at paragraph (t)(2)(i)(C) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the CCR information that shows the Contractor to be other than the Contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.

(3) The Contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the CCR record to reflect an assignee for the purpose of assignment of claims (see Subpart 32.8, Assignment of Claims). Assignees shall be separately registered in the CCR database. Information provided to the Contractor's CCR record that indicates payments, including those made by EFT, to an ultimate recipient other than that Contractor will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the EFT clause of this contract.

**ADDITION AND DELETION OF ITEMS – MARCH 2003:****A. ADDITIONS.****1. Additions by the Government**

(a) In addition to the core listing of 12 items, the scope of the contract(s) resulting from this solicitation will include additional items that are in a universe described as Screws, Pins, Seals, Packing Preformed, etc. Sole/Approved Source in the FSC 5305, 5315, 5331 and 5331. It is the intention of the Government to add items (see <http://www.dscp.dla.mil/gi/general/scp.htm/> ) to the contract that fall into this category. These items may be added during the base or option periods of this contract **provided that** the Contractor is able to furnish the additional item(s), and the Contracting Officer and the Contractor are able to agree to terms, including reasonable price(s) and delivery, as determined by the Contracting Officer.

(b) If the Government makes multiple awards under this solicitation, additional item(s) will be awarded on a post-award basis via supplemental agreement to the Contractor(s) whose price and delivery is the most advantageous to the Government on an item-by-item basis as follows: Item description(s) will be provided to **ALL** awardees for their review and timely submission of price and delivery information. The Contractor must provide complete information should the Government elect to place these items on contract without negotiation.

**2. Additions or Substitutions Recommended by the Contractor**

(a) At any time during the performance of the contract, the Contractor may recommend changes to an item covered by its contract, or may propose alternate or substitute item(s). However, unless and until the Contracting Officer approves such recommended changes, alterations or substitutions in writing, the Contractor shall provide the item specified in the contract.

(b) If an item is coded as a Safety Critical Item (SCI), or is a Critical Application Item (CAI), the Contractor is required to furnish an item which is in strict accordance with the technical requirements specified in the Contract Technical Data File (CTDF) for the specific National Stock Number (NSN). The Contracting Officer shall make every effort to complete his or her evaluation within thirty (30) days after receipt of the Contractor's price(s) and delivery.

(c) Unless another time is agreed to by the Contractor and the Contracting Officer, delivery of the item(s) added to the contract shall occur within 90 days after date of order, or within 180 days after date of Modification, whichever occurs later. The notice shall include complete information as to appropriate superseding, substitute, or alternate items, and how such items meet the fit, form, function and interchangeability requirements of the obsolete, unavailable, out of production, or superseded item. If an obsolete item has no replacement, the notice shall include information concerning the availability of alternate sources or substitute item(s). If, based on the recommendation of the Contractor, an item is, or a number or items are, deleted from the contract, the deletion shall be a Termination for Convenience.

**3. Administration of Deletions.**

(a) Upon notice from the Contracting Officer of a proposed deletion, the Contractor shall stop work immediately on any/all undelivered orders for the item(s) identified for proposed deletion. Within ten (10) days of receipt of the notice of proposed deletion, the Contractor shall notify the Contracting Officer as to whether the proposed deletion will cause an increase or decrease in, or have no effect on, the cost to the Government under the contract, and shall provide an estimate of any cost impact. Unless a longer period is authorized by the Contracting Officer, within 30 days of receipt of a Modification deleting one or more items from the contract, the Contractor shall submit its termination settlement claim.

(b) As soon as practicable after receipt of a recommendation from the Contractor to delete one or more items from the contract, the Contracting Officer will notify the Contractor of approval or disapproval of the recommendation. The Contracting Officer will be required to coordinate the proposed deletions with DSCP's customer-users and Engineering Support Activities (ESAs) having technical jurisdiction of the item(s). Upon coordination/approval of a proposed deletion, the Contracting Officer will issue a Modification implementing the deletions.

(c) Unless a longer time has been authorized by the Contracting Officer, the Contractor shall submit its claim for termination settlement costs, if any, no later than thirty (30) days after receipt of the deletion notice, or shall notify the Contracting officer within that time period that the deletion may be at no cost to either party. This applies whether the deletion is the determination of the Contracting Officer's own initiative, or whether the deletion is the result of the Contracting Officer's acceptance of the Contractor's recommendation that an item, or items be deleted.

(d) Deletions (terminations for convenience) shall be implemented by a Contract Modification. Upon agreement as to settlement costs, if any, a Supplemental Agreement signed by the Contractor and the Contracting Officer shall finalize the agreement.

(e) Failure of the Contractor and the Contracting Officer to agree on the amount of a termination settlement shall constitute a dispute under the "Disputes" clause of the contract.

**ADDENDUM TO FAR 52.212-4 (cont.)****DSCP 52.216-9I29 DELIVERY ORDER LIMITATIONS - INDEFINITE QUANTITY CONTRACT (STOCK AND/OR DVD) (MAY 1997) F051****(A) Definitions.**

(1) The term, “**Contract Year**,” means a period of twelve (12) calendar months commencing on the contract date and continuing through the twelfth (12th) calendar month thereafter.

(2) The term, “**Annual Estimated Quantity**,” refers to the Government’s good faith estimate of the requirements for each item during a specified “contract year.” If no specific contract year is cited, the annual estimated quantity shall apply to each and every contract year during the period of the contract, including each option year, if any.

(3) The “**Annual Estimated Amount**” for an item is the amount derived by multiplying the annual estimated quantity by the contract unit price at which the item is awarded.

(4) The “**Annual Estimated Value of the Contract**” is the sum of the annual estimated amounts of the items awarded.

If the contract base period is in excess of one year, the “**Estimated Value of the Contract**” will be the annual estimated value of the contract multiplied by the number of years in the base period.

(5) The term, “**Base Contract Period**,” defines a period of performance consisting of one or more contract years. For this contract, the **base contract period** is 2 contract year(s), commencing on the contract date and extending through the 24 calendar month thereafter.

(6) The term, “**Guaranteed Minimum**,” is that minimum quantity, or that minimum dollar value, which the Government will guarantee the Contractor for the effective period of the contract. This is not to be confused with the Minimum Order Limitation set forth in Paragraph (b) below. The **guaranteed minimum** is set forth in Paragraph (e) below.

**(B) Minimum Order.** As applicable, the minimum quantity, or the minimum dollar value, for any individual delivery order issued under this contract for an item with an AEQ of 100 or more will be 25% of the AEQ. The minimum order quantity for items with an AEQ of less than 100 is 50% of the AEQ. In the event that this contract includes incremental or stepladder pricing provisions, the minimum quantity for any item shall not be less than the lowest quantity set forth in the lowest quantity increment, **even if the quantity ordered is part of the guaranteed minimum under Paragraph (e) below.**

**(C) Maximum Order Limitation.** Subject to the provisions of Paragraph (e) below related to the **Guaranteed Minimum**, the Contractor is not obligated to honor---

- (1) Any order for an item in excess of 100% annual estimated quantity.
- (2) Any order for a combination of items in excess of (not applicable).
- (3) A series of orders from the same ordering office within a period of 90 days that together call for quantities or dollar values in excess of the limitations in (1) or (2) of this Paragraph (c).

**(D) Notwithstanding the maximum or der limitations set forth in (c) above,** the Contractor shall honor any order exceeding those maximum order limitations, unless that order, or orders, is/are returned to the ordering office within 5 days after issuance, with written or electronic notice stating the contractor’s intent not to ship the item or items covered by the order(s) and the reasons therefor. Whereupon, the Government may either (i) reissue the order within the maximum order limitations, or (ii) order the supplies from another source. **This notice does not apply to the guaranteed minimum set forth in Paragraph (e) below, which requires the Contractor to deliver any quantity within the guaranteed minimum so long as it is in excess of the minimum order limitation of Paragraph (b).**

**(E) Guaranteed Minimum.**

- (1) Scope of Guaranteed Minimum
  - a. For a contract with a base period of one year, if the minimum guarantee is stated in terms of quantity, the guaranteed minimum will be a percentage of the annual estimated quantity of the item.

**ADDENDUM TO FAR 52.212-4 (cont.)**

b. For a contract with a base period of one year, if the minimum guarantee is stated in terms of a dollar value, the guarantee will be determined at the time of award and will be a percentage of the aggregate of the annual estimated amounts of the items awarded.

c. For a contract with a base period of more than one year, if the minimum guarantee is stated in terms of quantity, the guarantee will be a percentage of the annual estimated quantity for each item awarded multiplied by the number of contract years in the base period. For a contract with a base period of more than one year, if the minimum guarantee is stated in terms of a dollar value, the guarantee will be a percentage of the annual estimated value multiplied by the number of contract years in the base period.

d. The minimum guarantee for any option period will be a percentage of the annual estimated quantity for each item covered by the option, if the guaranteed minimum is stated in terms of quantity, or will be a percentage of the annual estimated value, if the guaranteed minimum is stated in terms of dollar value.

(1) The Government guarantees that it will order under this contract, (and under the contract awarded for any partial set-aside) the following minimum, as applicable:

☐ A quantity of each item which represents \_\_\_\_\_ percent of the annual estimated quantity of the item awarded. (Base period of one year).

☐ Supplies which have a dollar value of at least \_\_\_\_ percent of the annual estimated value reflected on Page 1 of the contract/award. (Base period of two years).

☐ A quantity of each item which represents \_\_\_\_ percent of the annual estimated quantity of the item awarded multiplied by 2 (Base period of two or more years).

☒ Supplies which have a dollar value of at least 10% percent of the annual estimated value multiplied by 2 (Base period of two or more years).

(2) Subject only to the minimum per order specified in Paragraph (b) above, in the sole discretion of the contracting officer, the guarantee may be placed by a single delivery order or by any number of delivery orders. The maximum quantity per order does not apply until after the guaranteed minimum.

(3) In the event that a single delivery order covers supplies which are both within the guaranteed Minimum and in excess of the guaranteed minimum, the maximum delivery order limitations, in Paragraph (c) shall apply, and the Contractor shall be governed by the notice requirement of Paragraph (d).

(4) The aggregate of the delivery orders issued during the base contract period will applied to the minimum guarantee as defined above. When the aggregate of the delivery orders equals or exceeds the guaranteed quantity or guaranteed dollar value, as applicable, the minimum guarantee will have been met, and the Government's obligations with regard to the guarantee will have been satisfied.

**(F) Maximum Contract Limitation.** Notwithstanding any other provisions of this clause or provisions included elsewhere in this solicitation, the maximum quantity or maximum dollar value that may be obligated against this contract(s) for all items is \$5,000,000.

**DSCP 52.217-9I05 OPTION TO EXTEND THE TERM OF THE CONTRACT – NOTICE OF EPA PROVISION (ALTERNATE) (JUL 1992) ADDENDUM I DSCP (OCT 1994)**  
**I134**

**(a) OPTION PROVISION**

At the option of the Government, this contract may be extended for up to, but not exceeding, 3 years beyond the base contract year. The total duration of the contract, including the base contract year, shall not exceed 5 years. The option may be exercised in increments of One (1) Year by written notice to the Contractor at least thirty (30) days prior to the date of expiration of the then existing terms.

**(1) During any term of this contract, whether the base contract year or any option year(s), prices will be subject to adjustment in accordance with the clause of this contract entitled, Economic Price Adjustment Industrial Commodities (May 1996). For purposes of the limitation on the aggregate of the increases provided by the applicable EPA clause, such adjustments shall be cumulative but not duplicative. Namely, the aggregate of the increases for orders issued during a contract term shall be**

**ADDENDUM TO FAR 52.212-4 (cont.)**

**governed by the limitation applicable to that contract term, and shall not be duplicated or increased (contbecause performance of the order in accordance with the delivery schedule therein causes the adjusting date to fall within a subsequent contract term which has its own limitation on aggregate increases.**

**(b) TERMS AND CONDITIONS**

The terms and conditions of the contract for and during any period for which the option has been exercised shall be the same as those terms and conditions contained in the contract for the base contract year, subject to any adjustments in the price(s) which are warranted under Subparagraph (a)(2) above.

(1) THE EFFECTIVE DATE OF THE MODIFICATION by which the option is exercised will be that date on which the then current term of the contract expires. For purposes of establishing the "contract price(s)" subject to adjustment under the clause entitled "Economic Price Adjustment," the "contract price(s)" on the first day of any option period will be the contract price(s) in effect on the last day of the term or period immediately preceding the period for which the option has been exercised.

**EVALUATION OF OFFERS**

Offers will be evaluated on the basis of the price(s) submitted for the base contract year only, without regard to the inclusion of this "Option" provision. The reasons are as follows:

- (i) Offerors are not permitted to offer prices for the "Option" year(s) which differ from those of the base contract year.
- (ii) This Solicitation and Offer includes a provision for Economic Price Adjustment. Therefore, offerors must submit prices which do not include contingencies for increases in costs.
- (iii) The provision of this Solicitation and Offer pertaining to the Economic Price Adjustment applies to the base contract year and to all "Option" years.

***CAUTION NOTICE - ASSENT TO OPTION PROVISION OFFERORS MUST SUBMIT OFFERS WHICH INCLUDE THIS OPTION PROVISION, AND MUST INDICATE THEIR ASSENT TO INCLUSION OF THE CLAUSE EITHER BY PLACING AN "X" IN THE BLOCK BELOW, OR BY INDICATING CLEARLY ELSEWHERE IN THE OFFER THAT THEY HAVE READ AND UNDERSTAND THE CLAUSE, AND THAT THEY AGREE TO ITS INCLUSION IN THE RESULTING CONTRACT.***

**====> \* [    ] OFFEROR HAS READ AND UNDERSTANDS THE FOREGOING OPTION PROVISION, AND ASSENTS TO ITS INCLUSION IN ANY CONTRACT RESULTING FROM THIS SOLICITATION AND OFFER. FAILURE TO INDICATE ASSENT TO THE CLAUSE ABOVE, OR ELSEWHERE IN THIS SOLICITATION AND OFFER, WILL RESULT IN REJECTION OF THE OFFER AS NONRESPONSIVE, AND MAY PRECLUDE CONSIDERATION OF THE OFFER IF THIS IS A NEGOTIATED SOLICITATION AND THE CONTRACTING OFFICER ELECTS TO MAKE AWARD WITHOUT DISCUSSIONS.**

**ADDENDUM I DISC (OCT 1994)**

[X] (d) [This paragraph (d) applies if an "X" is indicated in the box provided here and in the appropriate area below and shall take precedence over any provisions of this contract or of this "Option" clause which are inconsistent herewith.]

[X](1) For purposes of this contract there will be more than a one year base contract period; the base contract period will be **2** years. Therefore, where reference may be made elsewhere in this solicitation contract or in this clause to a one (1) year base contract period, a **2** year base contract period shall apply.

**ADDENDUM TO FAR 52.212-4 (cont.)**

[X](2) The terms and conditions of the contract for and during any period for which the "Option" provision has been exercised shall be the same as those terms and conditions contained in the contract for the 2 year base contract period, except that the Government's Guaranteed Minimum shall be calculated as follows:

- (i) Guaranteed Minimum Expressed in Dollars.

For each Option year, the Guaranteed Minimum will be equal to an amount represented by that fraction of the base contract period's Guaranteed Minimum which represents one (1) year of the guaranteed amount.

For example if the base contract period is three (3) years, the Guaranteed Minimum for each Option year will be equal to one-third of the Total Estimated Guaranteed Minimum Value established for the base contract period.

- (ii) Guaranteed Minimum Expressed in Quantity.

For each Option year, the Guaranteed Minimum will be equal to that quantity which is that fraction of the quantity of the base contract period's Guaranteed Minimum representing one (1) year of the guaranteed amount. For example if the base contract period is three (3) years, the Guaranteed Minimum for each Option year will be equal to one-third of the Total Estimated Guaranteed Minimum Quantity established for the base contract period.

(End of Clause)

**DSCP 52.216-9I25 Economic Price Adjustment Industrial Commodities (May 1996) I145**

**General.** The unit prices of this contract shall be subject to adjustment periodically as provided herein.

Although this contract has a base period of 2 years with 3 additional option years, all adjustments will be on the basis of contract calendar year as defined herein.

**Definitions.** The terms used in this clause are defined as specified below:

**Economic Indicator.** The economic indicator for purposes of price adjustments to be made under this clause, will be the preliminary version of the Producer Price Index (PPI), set forth in Table WPU03 of the monthly report entitled, "Producer Prices and Price Indexes," published by the Bureau of Labor Statistics (BLS), United States Department of Labor, for the Code Number and Commodity listed below:

**CODE NUMBER AND COMMODITY**

Code No: Table WPU03 through 15

Commodity: Screws, Pins, Seals and Packing, Preformed

For the purposes of making price adjustments in accordance with this clause, only the preliminary version of the Producer Prices and Price Indexes report will be used. No additional adjustments will be made based on issuance of the final version of the report

2) **Contract Date.** The term which means the date of award of the contract(s) resulting from this solicitation, as set forth on the first page of the Award/Contract (Standard Form 26).

3) **Contract Calendar Year.** The term which means a one (1) calendar year period consisting of twelve (12) calendar months. The first contract calendar year shall commence on the contract date and shall end on a date exactly twelve calendar months thereafter. Each succeeding contract calendar year shall commence on the day immediately following the last day of the preceding contract calendar year. This definition shall apply to yearly periods of the base contract term as well as to any option periods.

4.) **Contract Price.** For purposes of this contract, the term, "contract price," shall mean:

(i) For the first Contract Calendar Year, the price(s) shown on the Award/Contract on the Contract Date. For each succeeding Contract Calendar Year, the contract price(s) from the previous Contract Calendar Year appropriately adjusted pursuant to this clause.

**ADDENDUM TO FAR 52.212-4 (cont.)**

5) **Base Price Index.** For purposes of price adjustment under this clause, this term shall mean:

(i) For the First Contract Calendar Year, the PPI for the economic indicator for the month of the Contract Date.

(ii) For each succeeding Contract Calendar Year, the average PPI for the economic indicator for the preceding Contract Calendar Year, calculated from the month of the contract date through the next succeeding eleven (11) months.

6) **Adjusting Price Index.** For purposes of price adjustment under this clause, this term shall mean the average PPI for the economic indicator for the preceding Contract Calendar Year, calculated from the month of the contract date through the next succeeding eleven (11) months. **NOTE:** The adjusting Price Index for one Contract Calendar Year becomes the Base Price Index for the next succeeding Contract Calendar Year.

**Price Adjustment Periods.** Performance of this contract is divided into successive periods designated, "Contract Calendar Years," as defined in Subparagraph (b) (3) above. The anniversary of the First Contract Calendar Year shall be the first day of each succeeding Contract Calendar Year, and shall constitute the "Contract Date" for purposes of establishing the Base Price Index for the ensuing Contract Calendar Year. Further, the calendar month in which the anniversary of the First Contract Calendar Year falls shall be the "Price month of the contract date" for such purposes.

**Adjustment.** The unit prices under this contract shall be subject to adjustment at the end of each Contract Calendar Year, whether the Contract Calendar Year is within the 2 year base contract term, or is in any "Option" period of the contract. Subject to the limitations set forth in this clause, the prices shall be adjusted by the same percentage that the Adjusting Price Index bears to the Base Price Index. Upon publication of the Adjusting Price Index, the Contracting Officer shall calculate the price adjustment as follows:

- (1) Divide the Adjusting Price Index by the Base Price Index to arrive at a quotient; and,
- (2) Multiply the quotient derived above by the applicable contract unit price(s) for the preceding Contract

Calendar Year. The PPI to be used in calculating the above price adjustment(s) shall be that index for the Code Number and Commodity specified in Paragraph (b) (1) above. If the BLS fails to publish the selected index for the Code Number and Commodity during the preceding Contract Calendar Year, or if the Code Number and Commodity of the index cease to be relevant with respect to the intent of this clause, the Contractor and the Contracting Officer shall agree on an appropriate method of establishing the Adjusting Price Index. Failure of the Contractor and Contracting Officer to agree on an appropriate Adjusting Price Index shall constitute a dispute within the meaning of the "Disputes" clause of the contract.

**Price Adjustment.** The unit prices under this contract shall be subject to adjustment at the end of each Contract Calendar Year, whether the Contract Calendar Year is within the 2 year base contract term, or is in any "Option" period of the contract. Subject to the limitations set forth in this clause, the prices shall be adjusted by the same percentage that the Adjusting Price Index bears to the Base Price Index. Upon publication of the Adjusting Price Index, the Contracting Officer shall calculate the price adjustment as follows:

**Contract Modifications.** Subject to the limitations in Paragraph (f) of this clause, at the end of each Contract Calendar Year, the price adjustment(s) to be made hereunder shall be evidenced by a Modification signed by the Contractor and the Contracting Officer. The Modification shall be issued within thirty (30) days of the final day of the preceding Contract Calendar Year, and:

(1) Shall set forth the unit price(s) as adjusted in accordance with this clause to establish the Contract Price(s) for the ensuing Contract Calendar Year; and

(2) Shall adjust the unit prices for supplies covered by Delivery Orders which were issued during the preceding Contract Calendar Year, but are undelivered on the first day of the second or other succeeding Contract Calendar Year; and

Shall adjust the unit prices for supplies covered by Delivery Orders issued between the first day of the second or other succeeding Contract Calendar Year and the date of issuance of the Modification unless already adjusted under (e) (1) above; and,

Shall set forth an aggregate monetary adjustment, by way of increase or decrease, to cover the net adjustment due either to the Contractor or to the Government for all supplies covered by Delivery Orders under which delivery was completed during the preceding Contract Calendar Year. If the

**ADDENDUM TO FAR 52.212-4 (cont.)**

adjustment results in an increase in the price(s), the monies shall be obligated at the time of the mailing of the finalized Modification to the Contractor, and the Contractor shall submit the invoice therefor, with specific reference to the Modification by which the adjustment has been implemented. If the adjustment results in a decrease in the price(s), the Contractor shall submit its check or its credit memorandum in the amount of the decrease within thirty (30) days of the date of the Modification. Failure by the Contractor to remit payment, or to furnish a credit memorandum within the thirty (30) day period, will result in initiation by the Contracting Officer of debt collection procedures, including administrative offset against monies owed by DISC to the Contractor under this contract or any other contract(s).

**Limitations.** Notwithstanding any other provision of this clause, price adjustments hereunder shall be subject to the following limitations:

(1) Any upward economic price adjustment shall not exceed 10%. Accordingly, at the end of each Contract Calendar Year when prices hereunder are adjusted to establish the contract price(s) for the ensuing Contract Calendar year such adjustment shall not exceed 10%. Further, the aggregate monetary increase under this clause shall not exceed 10% of the aggregate value of all Delivery Orders for which delivery was completed during the Contract Calendar Year for which the adjustment applies.

(2) There shall be no limitation on the decreases under this clause.

**Disputes.** Any disagreement which arises in connection with the administration of this clause shall constitute a dispute under the "Disputes" clause of the contract.

**Warranty.** The Contractor warrants that, as of the contract date, the price(s) set forth in this contract do not include any contingencies or allowances for increases in the cost of performance related to cost elements which are included in the PPI established by the BLS for the Code No. and Commodity set forth in Paragraph (b)(1) of this clause.

(f) *Late submissions, modifications, revisions, and withdrawals of offers.*

(1) Offerors are responsible for submitting offers, and any modifications, revisions or withdrawals, so as to reach the Government office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated Government office on the date that offers or revisions are due.

(2)(i) Any offer, modification, revision, or withdrawal of an offer received at the Government office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the Contracting Officer determines that accepting the late offer would not unduly delay the acquisition; and-

(A) If it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the Government infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or

**FAR 52.212-1 (continued)**

(B) There is acceptable evidence to establish that it was received at the Government installation designated for receipt of offers and was under the Government's control prior to the time set for receipt of offers; or

(C) If this solicitation is a request for proposals, it was the only proposal received.

(ii) However, a late modification of an otherwise successful offer, that makes its terms more favorable to the Government, will be considered at any time it is received and may be accepted.

(3) Acceptable evidence to establish the time of receipt at the Government installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of Government personnel.

(4) If an emergency or unanticipated event interrupts normal Government processes so that offers cannot be received at the Government office designated for receipt of offers by the exact time specified in the solicitation, and urgent Government requirements preclude amendment of the solicitation or other notice of an extension of the closing date, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal Government processes resume.

(5) Offers may be withdrawn by written notice received at any time before the exact time set for receipt of offers. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before the exact time set for receipt of offers, subject to the conditions specified in the solicitation concerning facsimile offers. An offer may be withdrawn in person by an offeror or its authorized representative if, before the exact time set for receipt of offers, the identity of the person requesting withdrawal is established and the person signs a receipt for the offer.

(g) *Contract Award* (not applicable to Invitation for Bids).

The Government intends to evaluate offers and award a contract without discussions with offerors. Therefore, the offeror's initial offer should contain the offeror's best terms from a price and technical standpoint. However, the Government reserves the right to conduct discussions if later determined by the Contracting Officer to be necessary. The Government may reject any or all offers if such action is in the public interest; accept other than the lowest offer; and waive informalities and minor irregularities in offers received.

(h) *Multiple Awards*.

The Government may accept any item or group of items of an offer, unless the offeror qualifies the offer by specific limitations. Unless otherwise provided in the Schedule, offers may not be submitted for quantities less than those specified. The Government reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit prices offered, unless the offeror specifies otherwise in the offer.

(i) *Availability of Requirements Documents Cited in the Solicitation*.

(1)(i) The Index of Federal Specifications, Standards and Commercial Item Descriptions and the documents listed in it may be obtained for a fee by submitting a request to:

(j) *Data Universal Numbering System (DUNS) Number.* (Applies to all offers exceeding \$25,000 and offers of \$25,000 or less if the solicitation requires the Contractor to be registered in the Central Contractor Registration (CCR) database.) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation “DUNS” or “DUNS+4” followed by the DUNS or DUNS+4 number that identifies the offeror’s name and address. The DUNS+4 is the DUNS number plus a 4-character suffix that may be assigned at the discretion of the offeror to establish additional CCR records for identifying alternative Electronic Funds Transfer (EFT) accounts (see FAR Subpart 32.11) for the same parent concern. If the offeror does not have a DUNS number, it should contact Dun and Bradstreet directly to obtain one. An offeror within the United States may contact Dun and Bradstreet by calling 1-866-705-5711 or via the internet at <http://www.dnb.com>. An offeror located outside the United States must contact the local Dun and Bradstreet office for a DUNS number.

(k) *Central Contractor Registration.* Unless exempted by an addendum to this solicitation, by submission of an offer, the offeror acknowledges the requirement that a prospective awardee shall be registered in the CCR database prior to award, during performance and through final payment of any contract resulting from this solicitation. If the Offeror does not become registered in the CCR database in the time prescribed by the Contracting Officer, the Contracting Officer will proceed to award to the next otherwise successful registered Offeror. Offerors may obtain information on registration and annual confirmation requirements via the internet at <http://www.ccr.gov> or by calling 1-888-227-2423 or 269-961-5757.

(l) *Debriefing.* If a postaward debriefing is given to requesting offerors, the Government shall disclose the following information, if applicable:

(1) The agency’s evaluation of the significant weak or deficient factors in the debriefed offeror’s offer;

(2) The overall evaluated cost or price and technical rating of the successful and the debriefed offeror and past performance information on the debriefed offeror;

(3) The overall ranking of all offerors, when any ranking was developed by the agency during source selection;

(4) A summary of the rationale for award;

(5) For acquisitions of commercial items, the make and model of the item to be delivered by the successful offeror;

(6) Reasonable responses to relevant questions posed by the debriefed offeror as to whether source-selection procedures set forth in the solicitation, applicable regulations, and other applicable authorities were followed by the agency.

Facsimile offers that fail to furnish required representations, or information, or that reject any of the terms, conditions and provisions of the solicitations, may be excluded from consideration. Facsimile offers must contain the required signatures. The Government reserves the right to make award solely on the facsimile offer. However, if requested to do so by the Contracting Officer, the apparently successful offeror agrees to promptly submit the complete original signed proposal. The Government will not be responsible for any failure attributable to the transmission or receipt of the facsimile offer.

- ☒ Period of acceptance is 90 days.

**3. Addendum to 52.212-1(e) Multiple offers.**

- ☐ The Government intends to make one award.  
☒ The Government may make more than one award.  
☐ Offers may be submitted for quantities less than those specified.

**5. Addendum to 52.212-1(j) Data Universal Numbering System (DUNS) Number**

The requirement to provide a DUNS number with the offer applies at all dollar values if the offeror is required to register in the Central Contractor Registration (CCR) Database in accordance with DFARS clause 252.204-7004.

The clauses listed below are incorporated by reference with the same force and effect as if they were given in full text. Upon request, the Contracting Officer will make their full text available. (Also, the full text of a solicitation provision may be accessed electronically at these addresses:

**DSCP 52.215-9I12 NOTICE: AUTOMATED BEST VALUE SYSTEM (ABVS) PROGRAM (DEC 1999) L059**

(a) The Defense Logistics Agency (DLA) has developed the Automated Best Value System (ABVS), an automated system that collects and analyzes offerors' past performance history and assigns a numeric score. Under ABVS, contracting officers will not necessarily award contracts to offerors with the lowest evaluated price, but are encouraged instead to consider past performance and other factors and to exercise good judgment in awarding to firms whose offers represent the greatest value to the Government.

An offeror's past performance is an indicator of performance risk and will be scored on the basis of past performance in the same Federal Supply Class (FSC) as the supplies being solicited. ABVS scores are calculated monthly, remain in effect for the entire month, and are based on DLA consolidated performance history. There is an FSC score, which represents the offeror's DLA-wide performance for that FSC. There is also a DLA score, which reflects the offeror's overall performance for all FSCs at all DLA Inventory Control Points (ICPs), i.e., Defense Supply Centers Philadelphia, Richmond and Columbus.

(c) To determine the ABVS score, the Government will use the following performance indicators: delinquencies, length of delinquencies, order rejections (contractor caused cancellations), product nonconformances, and packaging nonconformances. The delivery portion of the ABVS score will consist of all delinquencies (CLINs that have not been shipped in their entirety by the CDD), and order rejections for the rating period preceding the most recent 60 days. The quality portion will consist of all contractor-caused product and packaging discrepancies for the rating period preceding the most recent 30 days. To allow for delays in posting data, the delivery score will exclude the most recent 60 days and the quality score will exclude the most recent 30 days. There are no grace periods in determining if a contract is delinquent.

**ADDENDUM TO FAR 52.212-1 (cont.)**

(d) Negative performance data to be reflected in the ABVS score will be made available to Contractors through the DSCP General and Industrial (G & I) website. A Contractor may challenge any negative data it feels is inaccurate by submitting a challenge to the DSCP ABVS Administrator. To be considered, challenges must be accompanied by evidence that substantiates the claim (e.g., invoices, DD Form 250's, modifications.) The "Center" field will identify the cognizant focal point for challenges. For those identified as "DSCP", challenges must be sent to:

Defense Supply Center Philadelphia (DSCP)  
ATTN: DSCP-PPA (ABVS)  
700 Robbins Avenue  
Philadelphia, PA 19111-5096

Phone: (215) 737-7844  
FAX: (215) 737-7949

(e) ABVS scores are updated monthly. Though contractors may challenge negative data at any time, it is to the contractor's challenge in a timely manner. Challenged data that has been investigated and validated prior to the next monthly ABVS update will be reflected in the new score. Challenges that are received before the end of the challenge period but are not resolved prior to the next monthly update will be flagged as challenged. Once the challenge is received, the ABVS score is flagged and will remain flagged until the challenge is resolved.

(1) When an ABVS score is flagged, the contractor reviewing ABVS data can see that its challenge has been received and is being investigated. The flag also alerts the contracting officer that certain data reflected in the offeror's score is being challenged and warrants further investigation by the contracting officer.

(2) When a discrepancy between the offeror's challenged data and the Government's data occurs, it becomes disputed data. The Government will make every effort to resolve the discrepancy expeditiously. However, the Government is the final authority for resolution of disputed data and its use in the source selection process, and the contracting officer may make an award decision despite the existence of an unresolved challenge.

(f) An ABVS score does not determine an offeror's award eligibility, or technical acceptability, nor does it establish or dictate a responsibility or nonresponsibility determination. The ABVS score used for evaluation will be that score in effect at the time offers are evaluated. There is no minimum volume of business required for a contractor to be scored. The contracting officer may consider the volume of business on which the performance score is based as a measure of confidence in the score's indication of performance risk. A contractor with no performance history in the FSC will be given a score of 999.9, which will identify the contractor as a new offeror in that FSC. New offeror status will not be grounds for disqualification for award. New offerors may be considered more favorably than scored offerors with a poor performance record. Also, the desirability of expanding the supplier base and possible competition enhancement in future procurements will be considered in the source selection decision when new offerors are present.

(g) Contractor caused discrepancies or delinquencies are reflected in ABVS scores as an indicator of past performance. Repair, replacement, or reimbursement of quality and packaging defects does not provide relief from negative ABVS data. Contractor caused delivery extensions, regardless of consideration paid, will be reflected in the delivery score.

**ADDENDUM TO FAR 52.212-1 (cont.)****52.217-9002 CONDITIONS FOR EVALUATION AND ACCEPTANCE OF OFFERS FOR PART NUMBERED ITEMS***([July] 2002)* - DLAD

(a) The product described *in the acquisition identification description (AID) of this solicitation* is that product which the Government has determined to be acceptable. All Offerors *shall* indicate below, *or through an alternative means in an electronic quoting system*, whether they are offering an “exact product,” an “alternate product” (which includes a “previously reverse-engineered product”), a “superceding part number,” or a “previously-approved product;” and shall furnish the data required for whichever is applicable. (To determine which type of product to indicate, Offerors must refer to the criteria in subparagraphs (b)-(e) of this provision, respectively.) Any product offered must be either a product cited in the AID; or be physically, mechanically, electrically, and functionally interchangeable with a product cited in the AID, including additional requirements referred to in the AID, if any.

- o o Exact Product – Applies to CLIN(s): . . . . .
- o o Alternate/Previously Reverse-Engineered Product – Applies to CLIN(s):
- o o Superceding Part Number – Applies to CLIN(s): . . . . .
- o o Previously-Approved Product – Applies to CLIN(s): . . . . .

(b) “Exact product.”

(1) “Exact product” means a product described by the name of an approved source and its corresponding part number, as currently cited in the AID; modified (if necessary) to conform to any additional requirements set forth in the AID; and manufactured by, or under the direction of, that approved source. If an Offeror indicates that an “exact product” is being offered, the Offeror must meet one of the descriptions in subparagraphs (i)-(iv) below. (Any Offeror not meeting one of these descriptions is not considered to be offering “exact product;” even though the item may be manufactured in accordance with the drawings and/or specifications of an approved source currently cited in the AID.)

(i) An approved source currently cited in the AID offering its corresponding part number as cited in the AID;

(ii) A dealer/distributor offering the product of an approved source that meets the description in subparagraph (i) above;

(iii) A manufacturer who (A) produces the offered item under the direction of an approved source currently cited in the AID; and (B) has authorization from that approved source to manufacture the item, identify it as that approved source’s name and part number, and sell the item directly to the Government. If requested by the Contracting Officer, the Offeror/Contractor must provide documentation to demonstrate such authorization.

(iv) A dealer/distributor offering the product of a manufacturer that meets the description in subparagraph (iii) above. If requested by the Contracting Officer, the Offeror/Contractor must provide documentation that demonstrates such authorization.

(2) When the AID identifies the item being acquired as a critical safety item (CSI), offers of exact product will be evaluated in accordance with 52.211-9005.

(c) “Alternate product.”

**ADDENDUM TO FAR 52.212-1 (cont.)**

*(1) The Offeror must indicate that an “alternate product” is being offered if the Offeror is any one of the following:*

*(i) An Offeror who (A) manufactures the item for an approved source currently cited in the AID; and (B) does not have authorization from that approved source to manufacture the item, identify it as the approved source part number, and sell the item directly to the Government;*

*(ii) A dealer/distributor offering the product of a manufacturer that meets the description in subparagraph (i) above;*

*(iii) An Offeror of a previously reverse-engineered product that is not currently cited in the AID; or*

*(iv) Any other Offeror who does not meet the criteria in subparagraphs (b)(1), (d), or (e) of this provision.*

*(2) If an alternate product is offered, the Offeror shall furnish with its offer legible copies of all drawings, specifications, or other data necessary to clearly describe the characteristics and features of the alternate product being offered. Data submitted shall cover design, materials, performance, function, interchangeability, inspection and/or testing criteria, and other characteristics of the offered product. If the offered product is to be manufactured in accordance with data the Offeror has obtained from elsewhere within the Government, the Offeror shall either furnish the detailed data specified in this paragraph, or supply a description of the data package in its possession; i.e., basic data document and revision, the date the data was obtained and from whom (Government agency/activity). If the Offeror does not furnish the detailed data with its offer, the Contracting Officer will be unable to begin evaluation of the offered product until such time as the detailed data can be obtained from the Government agency/activity possessing the data. If the alternate product is a previously reverse-engineered product, the Offeror shall provide: traceability documentation to establish that the offered item represents the item specified in the AID (i.e., invoice from an approved source or submission of samples having markings of an approved source); number of samples that were examined; the process/logic used; raw data (measurements, lab reports, test results) used to prepare drawings or specifications for the offered item; any additional evidence that indicates the reverse-engineered item will function properly in the end item; and any evidence that life cycle/reliability considerations have been analyzed.*

*(3) In addition, the Offeror may be required to furnish data describing the “exact product” cited in the AID. The data required from the Offeror depends on the level of technical data describing the exact product, if any, available to the Government. The possible levels of technical data the Government may have and the corresponding data submission requirements for Offerors are identified in subparagraphs (a)-(d) below. For the item(s) being acquired under this solicitation, the level of data in the Government’s possession and the corresponding requirements for data submission are identified in the AID; or, if not specified in the AID, are as follows: [See A below.] (If the level of data in the Government’s possession and Offeror requirements for data submission are not identified in either the AID or in this subparagraph (c)(3), then subparagraph (a) below applies.)*

*(a) No data: This Agency has no data available for evaluating the acceptability of alternate products offered. In addition to the data required in subparagraph (c)(2) of this provision, the Offeror must furnish drawings and other data covering the design, materials, etc., of the exact product cited in the AID, sufficient to establish that the Offeror's product is equal to the product cited in the AID.*

*(b) Adequate proprietary (i.e., limited rights) data: This Agency possesses adequate drawings and/or specifications for the exact product as cited in the AID, but such data are proprietary (i.e., limited rights) and shall be used only for evaluation purposes. The Offeror must furnish the data required in subparagraph (c)(2) of this provision, but is not required to submit data on the exact product.*

**ADDENDUM TO FAR 52.212-1 (cont.)**

*(c) Inadequate data: This Agency does not have adequate data available for evaluating the acceptability of alternate products offered. In addition to the data required in subparagraph (c)(2) of this provision, the Offeror must furnish drawings and other data covering the design, materials, etc., of the exact product cited in the AID, sufficient to establish that the Offeror's product is equal to the product cited in the AID.*

*(d) Adequate catalog data: This is a commercial off-the-shelf item. Adequate catalog data are available at the contracting office to evaluate alternate offers. In addition to the data required in subparagraph (c)(2) of this provision, the Offeror must furnish with its offer a commercially-acceptable cross reference list; or legible copies of all drawings, specifications or other data necessary to clearly describe the characteristics and features of the alternate product being offered, sufficient to establish that the Offeror's product is equal to the product cited in the AID. The Offeror is not required to submit data on the exact product.*

*(3) Except for indefinite delivery purchase orders (IDPOs), if this solicitation is automated (i.e., if the solicitation number begins with SPE; or begins with SP0 and contains "T" or "U" in the ninth position of the procurement instrument identification number (PIIN)), the Contracting Officer will not evaluate offers of alternate product (which includes offers of previously reverse-engineered product) for the current procurement. Instead, the Offeror shall submit a request to the location below for evaluation of the alternate product's technical acceptability for future procurements of the same item. The request for evaluation shall cite the National Stock Number (NSN) of the exact product and, as identified in this provision, include the applicable level of technical data on the alternate and exact products. All offers of alternate product will be handled in accordance with DLAD 17.7501(b)(4).*

- (i) For solicitation numbers beginning with SPE7 or SPE9; or beginning with d SP0 and containing "T" or "U" in the ninth position of the PIIN:*

*Defense Supply Center Columbus  
Directorate of Procurement  
Alternate Offer Monitor, DSCC-PCA  
3990 East Broad Street  
Columbus, OH 43216-5000*

- (ii) For solicitation numbers beginning with SPE4; or beginning with SP0 and containing "T" or "U" in the ninth position of the PIIN:*

*Defense Supply Center Richmond  
Office of the Competition Advocate  
ATTN: DSCR-DU  
8000 Jefferson Davis Highway  
Richmond, VA 23297-5100*

- (iii) For solicitation numbers beginning with SPE5; or beginning with SP0 and containing "T" or "U" in the ninth position of the PIIN:*

*Defense Supply Center Philadelphia  
Office of the Competition Advocate/General & Industrial  
DSCP-PI  
700 Robbins Avenue  
Philadelphia, PA 19111-5096*

- (d) "Superceding part number."*

**ADDENDUM TO FAR 52.212-1 (cont.)**

*(1) The Offeror must indicate that a “superceding part number” is being offered if the offered item otherwise qualifies as an “exact product,” except that the part number cited in the AID has been superceded. The Offeror may be requested to furnish data, or provide confirmation through some other means, sufficient to establish that there are no changes in the configuration of the part. However, if such data are unavailable, the Offeror may be required to furnish technical data as required in paragraph (c) for “alternate products.” (If such data indicate there have been changes in the configuration of the part, the offered item must be identified as an “alternate product.”)*

*(2) For solicitation numbers beginning with SPE, any data to be furnished with an offer of a “superceding part number” should be mailed to the buyer at the procuring activity address on the solicitation. (Uploading the information with the quotation, or including it in the “Remarks” section, will make the offer a “bid with exception,” causing it not to be evaluated.)*

*(e) “Previously-approved product.”*

*(1) If the product offered has previously been furnished to the Government or otherwise previously evaluated and approved, the Offeror shall indicate in the space provided below, or through an alternative means in an electronic quoting system, the contract and/or solicitation number under which the product was furnished or approved.*

*CLIN NR (s) \_\_\_\_\_ have been previously furnished or evaluated and approved under contract/solicitation number \_\_\_\_\_.*

*(2) If the product was furnished or evaluated and approved by a contracting activity different from the one issuing this solicitation, Offerors are advised that the Contracting Officer may not have access to records of another activity or other information sufficient to reasonably determine the offered product’s acceptability. Therefore, in order to ensure that adequate data is available for evaluation, Offerors may elect to furnish with their offer the information requested by subparagraph (b) or (c) of this provision, whichever is applicable for the offered product. Offerors are advised that if the additional data is not furnished, the Government may not be able to evaluate the offer. (For solicitation numbers beginning with SPE, the information should be mailed to the buyer at the procuring activity address on the solicitation. Uploading the information with the quotation, or including it in the “Remarks” section, will make the offer a “bid with exception,” causing it not to be evaluated.)*

*(f) For all types of offers (“exact product,” “alternate product,” “superceding part number,” or “previously-approved product”), Offerors shall provide the Contractor and Government Entity (CAGE) Code of the manufacturer and the part number being offered for each item in the solicitation.*

*(g) Failure to furnish adequate data and/or information as prescribed in subparagraph (b), (c), (d) or (e) of this provision (when required for the current procurement) within 10 business days or less, or as otherwise required by the Contracting Officer or elsewhere in this solicitation, may preclude consideration of the offer. For automated procurements, it is the responsibility of the Offeror when offering a “superceding part number” or a “previously-approved part number” to ensure that supporting documentation arrives at the contracting activity within 2 business days after the data is requested, or the offer may not be considered. The Agency will make every effort to determine, prior to award, the acceptability of the products offered which meet the dollar savings threshold shown below, and/or which have a reasonable chance to receive an award based on price offered. Generally, the Agency will not evaluate alternate offers not meeting the dollar threshold. The savings potential is based on the cost of evaluation (\$200.00 if only a local technical evaluation is involved, plus an additional \$1,200.00 for each required Engineering Support Activity evaluation). If the Agency determines that an evaluation cannot be completed before the expected contract award date due to urgent requirements for the item, alternate offers will not be considered for the current procurement. Instead, they will be evaluated for technical acceptability for future procurements of the same item, if adequate data is submitted and savings potentials are expected, as stipulated above. For alternate offers not evaluated, the Offeror’s complete technical data package will be returned.*

**ADDENDUM TO FAR 52.212-1 (cont.)**

(h) If *Offerors* desire to restrict the Government's use of data submitted for evaluation, the data must bear the appropriate legends as prescribed by FAR 52.215-1(e). In the event an award is made to an *Offeror* submitting data without the appropriate legend, the Government will have unlimited rights to its use as defined in DFARS 252.227-7013.

*(i) It is the Government that determines if the documentation or other evidence furnished by an Offeror is adequate to satisfy the requirements in this provision. If the Contracting Officer requests evidence from a Contractor who received an award resulting from this solicitation, and the Contracting Officer subsequently finds the evidence to be unacceptable, the award may be cancelled.*

**FAR 52.212-2 EVALUATION – COMMERCIAL ITEMS (JAN 1999)**

(a) The Government will award a contract resulting from this solicitation to the responsible offeror whose offer conforming to the solicitation will be most advantageous to the Government, price and other factors considered. The following technical (i.e.; non-price) factors, listed in descending order of importance, shall be used to evaluate offers:

Past Performance

---

Technical factors are:

- ( ) Significantly more important than cost or price
- (X) Essentially equal to cost and price
- ( ) Significantly less important than cost or price

*Options.* The Government will evaluate offers for award purposes by adding the total price for all options to the total price for the basic requirement. The Government may determine that an offer is unacceptable if the option prices are significantly unbalanced.

(b) A written notice of award or acceptance of an offer, mailed or otherwise furnished to the successful offeror within the time for acceptance specified in the offer, shall result in a binding contract without further action by either party. Before the offer's specified expiration time, the Government may accept an offer (or part of an offer), whether or not there are negotiations after its receipt, unless a written notice of withdrawal is received before award.

**DLAD 52.233-9001 DISPUTES: AGREEMENT TO USE ALTERNATIVE DISPUTE RESOLUTION  
(JUN 2001)**

**(a) The parties agree to negotiate with each other to try to resolve any disputes that may arise. If unassisted negotiations are unsuccessful, the parties will use alternative dispute resolution (ADR) techniques to try to resolve the dispute. Litigation will only be considered as a last resort when ADR is unsuccessful or has been documented by the party rejecting ADR to be inappropriate for resolving the dispute.**

(c) Before either party determines ADR inappropriate, that party must discuss the use of ADR with the other party. The documentation rejecting ADR must be signed by an official authorized to bind the contractor (see FAR 52.233-1), or, for the Agency, by the contracting officer, and approved at a level above the contracting officer after consultation with the ADR Specialist and with legal counsel (see DLA Directive 5145.1). Contractor personnel are also encouraged to include the ADR Specialist in their discussions with the contracting officer before determining ADR to be inappropriate.

(c) If you wish to opt out of this clause, check here [ ☐ ]. Alternate wording may be negotiated with the contracting officer.
